SECURITY PACK

Sub-processors

VERSION	ISSUED BY	CONTACT
2026-10-16	Brickstream AB, 556792-7644	info@brickstream.se

Brickstream AB, reg. no. 556792-7644, Linköping, Sweden · Version 2026-10-16 · Contact: info@brickstream.se (subject "Security")

The list is the same as in the privacy notice (version 2026-10-23a). For assignments and free samples your material is processed only by Supabase (storage), Vercel (web server) and Anthropic (AI processing), and by the final reviewer in an order. Customers are notified of changes at least 30 days in advance.

Supabase Inc.

What	Database, sign-in and file storage (CVs, contracts and invoices)
Where	EU – AWS eu-north-1 (Stockholm); support access from third countries may occur
Safeguards and agreements	DPA with standard contractual clauses for any third-country support access

Vercel Inc.

What	Hosting of the web application (server functions), forwarding of the platform's AI requests to Anthropic via Vercel AI Gateway and cookie-free visitor statistics for the public pages (Vercel Web Analytics)
Where	EU – region arn1 (Stockholm) for server functions; global CDN for static files (no personal data); AI Gateway may process AI requests in the USA
Safeguards and agreements	DPA, standard contractual clauses and EU–US Data Privacy Framework

Anthropic PBC

What	AI reading of CVs (only if you opt in), client need texts, call-offs and purchase orders (only if the client approved) answers in the "Ask us" assistant when you ask a question (for signed-in users also the account data needed for the answer) and, in Bid rooms, the customer's questions, the requirements review and the text of the customer's files in the room and the knowledge bank (CVs, references, certificates, tender documents). Requests reach Anthropic via Vercel AI Gateway (Vercel Inc.) or directly via Anthropic's API. Also Brickstream's internal AI assistant (Claude) for operations, troubleshooting, development, support and e-mail
Where	USA

Safeguards and agreements	Platform AI requests and assignment deliveries: Vercel's and Anthropic's commercial terms with DPA and standard contractual clauses, model training blocked and only Anthropic allowed as provider. Brickstream's internal AI assistant: Anthropic's Claude Max terms, under which Anthropic is the controller and there is no DPA; training is switched off in the account settings, and the assistant only reads the data needed for the task and never customers' material in assignments

Resend (Plus Five Five Inc.)

What	Sending e-mail from the platform, sender info@brickstream.se: sign-in e-mails, notifications and invoices as PDF (name, e-mail address, message content and attachments)
Where	EU region (Ireland) for sending; company in the USA
Safeguards and agreements	DPA, standard contractual clauses and EU–US Data Privacy Framework

Zigned AB

What	Electronic signing of agreements with BankID (name, e-mail, IP address, device information and the agreement content for the signer; with an identity check also the personal identity number, which Zigned hashes)
Where	Sweden (company). Agreements and signatures are stored in the EU (Heroku and Google Cloud); e-mail delivery via Mailgun and some support (Typeform, Zapier, Slack) take place in the USA. The signed agreement and verification appendix are also stored by us (Supabase, Stockholm)
Safeguards and agreements	Zigned's data processing agreement (v1.0); transfers to the USA under the EU–US Data Privacy Framework or standard contractual clauses

Google (Google Workspace)

What	Company e-mail at brickstream.se (including info@brickstream.se) when you write to us or we write to you, with any attachments. Our internal AI assistant may read and draft e-mails
Where	EU and USA (Google data centres)
Safeguards and agreements	Google's Cloud Data Processing Addendum, standard contractual clauses and EU–US Data Privacy Framework

Cloudflare Inc.

What	Bot protection (Cloudflare Turnstile) in the sign-in, sign-up, free-sample and enquiry forms: your IP address and technical signals from the browser and device (e.g. browser type, language and how the page runs) are assessed to decide whether a person is sending the form. No tracking cookies and no advertising; the form content is not sent to Cloudflare
Where	Cloudflare's global network (nearest data centre, normally in the EU); company in the USA
Safeguards and agreements	Cloudflare's DPA with standard contractual clauses and EU–US Data Privacy Framework

Wint AB

What	Bookkeeping and accounting: client and self-invoices, payouts, receipts and vouchers (names, companies, amounts and invoice details)
Where	Sweden/EU
Safeguards and agreements	Data processing agreement (DPA) with Wint

Final reviewers

What	review and correct the delivery in an order, in the platform with two-step sign-in, without being able to download the files.
Where	Sweden.
Safeguards and agreements	reviewer agreement with confidentiality and the same obligations as in the DPA; conflict-of-interest check before every assignment.
